

flexLoader

Add a FlexLoader to the FlexScan scanning solution and you have the fastest fiche and aperture card scanning platform in the world

The FlexLoader is an optional attachment for scanning fiche with the FlexScan scanning solution. The FlexLoader handles standard fiche, jackets, jumbo/Ultra fiche, mini fiche (3" x 5") and aperture cards. Additional fiche formats can also be accommodated (up to 8" x 5") with custom loader inserts.

- Reliable load and unload - cycle time as little as 3 seconds
- Quiet, gentle operation
- Outstanding fiche separation ability - no double feeds
- Frees up operators for other tasks
- One operator, many scanners - less labor costs
- Very few moving parts requiring minimal service
- Upgrades available for existing FlexScan owners

Input Hopper Capacity:

- 200 microfiche
- 150 film jackets
- 100 aperture cards

The FlexLoader enables faster batch scanning and reduces operator intervention for your best return on investment in fiche scanning.

Fast, quiet, easy to operate
